

# ROAMS SUMMER PROGRAM

## **River, Ocean and Mountain School (ROAMS) Summer**

The program will provide Canadian and International students a well rounded outdoor focused Canadian cultural experience that connects personal development with outdoor education and leadership skills.

The program will also provide engagement in cross cultural diversity as students examine and compare global issues. The program will incorporate field studies and outdoor activities which will include rafting, kayaking, surfing and climbing.

### **PROGRAM OVERVIEW**

ROAMS Summer will be comprised of 24 students who will engage in adventure education elements. First, it will build a meaningful health and wellness component into everyday studies, and second, integrate field studies for discussions around sustainability and global stewardship.

### **WHO SHOULD APPLY**

The program seeks to attract students in grades 10-12 with a passion for the outdoors, a strong work ethic, dedication, social responsibility, global interest and a desire to experience the adventure tourism industry.

The program is open to those students who wish to start their regular program earlier in August and then continue in September. The program is also intended for those students seeking a short term summer outdoor experience.
