

## About the school:

Loreto Bray strives for academic excellence. We have a dedicated and dynamic group of teachers who support our students as they embark on their post primary education journey. Mary Ward believed in the ability and capacity of women.

All of our teachers share Mary Ward's vision and ensure that her rich legacy endures. This vision inspires all involved in our school to be "seekers of truth and doers of justice". Loreto Bray offers a contemporary education based on a strong Loreto tradition.
