

Camberwell High School

Camberwell High School was established in 1941 and is one of Melbourne's oldest and most highly regarded schools. Having operated a successful international student program since 1996, our staff are familiar with the unique needs of these students. Indeed, all teachers strive to meet individual student needs, across the broad subject range and challenging curriculum. An on-site English Language Centre offers skilled instructors who help international students meet English education requirements.
