

Reservoir High School

The modern facilities at Reservoir High School are set within spacious grounds. A full complement of academic and vocational studies is offered so students may develop personal learning pathways to university, employment and further education. The school supports a student body drawn from many different backgrounds with dedicated, caring staff and English as an Additional Language classes at each year level. A short distance from Melbourne city centre, the school is easily accessed by public transport services.

Success story

'I experienced a wonderful and memorable life at Reservoir High School. From day one teachers and classmates warmly welcomed me and during the past two years I've made lots of supportive friends. Nothing has given me more happiness than the feeling of being part of a big, warm and caring family. I would like to express my appreciation towards the school that provided such a caring environment for me, so that I could adapt into a new culture and pursue my dream.'
